

Transforming Primary Patterns The 3rd Basic Seminar

The Primary Pattern is your mind: your thoughts are things that set waves in motion and create your reality. In this two day seminar you learn new options for each of the sections of Resonance Repatterning® system, deepening the possibilities for identifying and transforming primary patterns that stop you from experiencing yourself more fully, creatively and successfully. The seminar is the third in a series of six basic seminars that are a requirement for Resonance Repatterning® Practitioner certification.

Using the Resonance Repatterning® System for Positive Change

- Transforms the way we function in thought, feeling, and action
- Re-connects us to higher states of energy
- Increases our awareness
- Releases our resonance with old patterns
- Establishes new patterns we need and want

In this fabulous seminar you will learn to:

- Identify expanded options for the 6 sections of the RR system (Mandala); Orientation, Problems into Opportunities, Intention for a New Possibility, Repatterning, Modalities and Positive Action.
- Perform 14 new modalities from Sound, Light/Color, Breath, Movement and Energetic Contact for creating coherence, including one of the most powerful of the RR modalities – the Energy Constriction Release that leads to core healing.
- Observe demonstration of and/or practice 5 new Repatternings: Negative Thoughts Repatterning, Self Image Repatterning, Creative Self-Expression Repatterning, Appreciation Repatterning, and Commitment Repatterning.
- Demonstrate/practice the expanded version of the RR Repatterning system for creating coherence and show how each section of the system can make immediate, positive change in reality.
